Profile

Enthusiastic and detail-oriented Computer Science student with a strong passion for mobile app development using **Flutter**. Experienced in building modern, responsive, and user-friendly cross-platform applications. Skilled in Dart, Firebase, REST APIs, and UI/UX design principles. Eager to contribute to real-world projects and learn from industry professionals through internship opportunities

Projects

1. E-Commerce App

Built with **Flutter** and **Firebase**, featuring secure authentication, product browsing, dynamic cart management, order tracking, and a responsive UI.

2. Job Finder App with Firebase Integration

Developed with **Flutter** and **Firebase**, featuring secure authentication, real-time job search via API integration, category filtering, and a responsive UI using **Provider** for state management.

3. Daily Expense Tracker App

Built a cross-platform finance management app using **Flutter** and **Firebase**, enabling users to track expenses, categorize spending, visualize insights through interactive charts, and securely sync data in real time across devices.

Education

Bachelor of Science in Computer Science

Air University Islamabad

CGPA: 3.38 - 4th Semester

Technical Skills

Mobile Development:

Flutter, Dart

Back-End & APIs:

Firebase, Node.js, REST APIs

Frontend Technologies:

HTML, CSS, JavaScript, React

Database Systems:

MySQL, MongoDB

Tools:

Git, GitHub, Visual Studio Code, Android Studio

Other:

Responsive UI Design, State Management (Provider, setState), Debugging

Soft Skills

Strong Communication

Critical Thinking & Problem Solving

Time & Task Management

Team Collaboration

Creativity and Adaptability
